

Safety Alert 030

Developed with Glen Dimplex Home Appliances

Title: Glen Dimplex Home Appliances Ltd manufactured Belling, Stoves and New World gas range cookers with gas grill (110, 100 and 90 models)

Date issued: 23rd August 2022

This Safety Alert provides guidance to Gas Safe Registered businesses/engineers about a product safety concern related to cooking appliances manufactured by Glen Dimplex Home Appliances (GDHA)

Introduction

Gas Safe Register has been advised by the manufacturer of an issue regarding the use of gas grills on certain Belling, Stoves and New World gas range cookers manufactured by Glen Dimplex Home Appliances.

Safety Concern

It has been identified in some models that if the gas grill is used with the door closed, there is a risk that the flame could become vitiated, resulting in extremely dangerous levels of carbon monoxide (CO) being produced, which could pose a significant risk to health and death.

Corrective Actions

To ensure that the appliances work in a safe manner, it is advised that consumers **must use their gas grills with the grill door fully open, in accordance with the manufacturers' instructions.** The gas oven and hob are not affected by this safety alert.

Consumers can contact Glen Dimplex Home Appliances on 0800 110 5728, or email consumersupport@glendimplex.com if they have concerns or require further information.

Safety notices have also been added to the manufacturers' websites at the following links:

- Belling: <https://www.belling.co.uk/en-gb/safety-notice>
- Stoves: <https://www.stoves.co.uk/en-gb/safety-notice>
- New World: <https://newworld.family/safety-notice>
